## Lying Lightly on the Land: National Park Service Roads in Hawai'i

Tuesday May 5<sup>th</sup> at 7:00 pm  
Kilauea Visitor Center Auditorium

Historian **Dawn Duensing** has studied Hawai'i's scenic roads since 1999, when she prepared a history of roads in Hawai'i National Park for the Historic American Engineering Record (HAER), a division of the National Park Service. This illustrated presentation will highlight the challenges, construction techniques, and design principles involved in building Hawai'i's national park roads, while explaining why these roads are important in contemporary Hawai'i. Building on her extensive NPS experience and research, Dawn's new book, ***Hawai'i's Scenic Roads: Paving the Way for Tourism in the Islands***, examines the political, economic, social, and environmental history of the islands' most renowned scenic drives, including those at Hawai'i Volcanoes and Haleakalā National Parks.

*Program co-sponsored by Friends of Hawai'i Volcanoes National Park. For information, call (808) 985-6011.  
Your \$2.00 donation helps to support Park programs. Park Entrance Fees Apply.*
